The City Council, of Louisville, had under consideration Friday night, the petition of the Chesapeake, Ohio and South-western railroad, to permit said road to run its track through one of the back streets of the city so as to connect with the Lexington road. The ordinance was not passed, but we understand from Mr. McHenry that it will likely be passed at the next meeting of the council. The Chesapeake, Ohio & South-western road is going to be too big a thing for the interests of Louisville for the city to refuse its request for reasonable facilities for the handling of freight.

The commencement exercises of Hartford College will begin this year on Monday evening June 5th. The programme is complete and is singularly well chosen. Everybody remembers the grand success of last year, and the faculty is determined to make the coming exercises surpass those of last year, and with the hearty co-operation that has been, and will be given by the students, their efforts will be successful in the highest degree. Everybody is invited, and to all who attend we guarantee a pleasant time and the most thorough satisfaction. Hartford College in the matter of a commencement never does things by halves, and this is an extraordinary year.

Prof. Willoughby Reade gave an entertainment at Court Hall last Wednesday night, consisting of readings, recitations, etc. Quite a good audience greeted the noted elocutionist, and a more pleasant evening was seldom if ever spent by an audience in Hartford. His rendition of Mary, Queen of Scots, and The Raven was most excellent, while Mark Twain's "Punch in the presence of the passenger" brought tears to the eyes of almost everyone in the house. This may sound strange to many of our readers, as Mark is not known as a serious writer. It is a fact, however, and one only needs to hear Reade read it to be convinced. The tears were shed "while laughter held his sides." Nancy Jane Jones will give an account of the entertainment next week, and for fear of encroaching on her, we will say no more except that Prof. Reade fully merits all the praise that has been bestowed upon him as an elocutionist.

On Thursday night of last week a Mormon elder preached at Stewartsville, and after the sermon a Mr. Taylor arose and replied to the saint. Quite a lively debate ensued in which the companion of "holiness to the Lord" was considerably outwitted. The Mormon community at Huntsville is still flourishing and new converts are being made rapidly.

We would advise those of our readers who are log men or who have timber to sell, to see or hear from Messrs. Their address is Eleventh Avenue and Vermont St., Evansville, Indiana.

R. P. Rowe at the New Store brought on a very large stock of furniture early in the spring, which he has sold out almost entirely. Within the past few days he has received a larger stock than ever which he is determined to sell in even a shorter time than before. To do this he must sell at a very low price, and this he will certainly do. Call at the New Store.

It pains us at all times very greatly to cast a shadow in the path of any, and especially of the young, but we cannot forbear reminding the boys, who have been captivated by our Hartford girls, that the time for separation draws rapidly near. Commencement will begin June 5th. The boys are invited to attend our banquet regularly at 8 P. M. for a season of tears and regrets. Kindly sympathize extended to all who come.

The neighborhood of Beech Valley church, in this county, seems to be infested with sneak thieves. Some time since one of the tribe went into Jack Wright's barn and stole six bushels of wheat, and the lock of the door. Later, Luther Ambrose's neat house was broken into, and about thirty pounds of meat appropriated. These are a few of the things that are going on, and are getting to be so frequent as to be quite annoying to the citizens who are honest, and something should be done to put a stop to it.

This Oliver Chilled Plow continues to win golden words of praise from our best farmers, and all who use them are unanimous in declaring that they can never be induced to use any other, that the Oliver Chilled is perfection itself. leave your name and \$1.50 which pays for the paper for a year and gives you a ticket in the drawing which is soon to take place. Besides the list of articles given above we will have one or two sewing machines, a lot of splendid books including Webster's Unabridged Dictionary, fine table and pocket cutlery, and many other useful, beautiful and valuable articles to be given away to subscribers. We have so many things that it will be hard to stand where the lightning will not strike you in some way and even if it does not you will be better off anyway, as you will get a \$2.00 paper for \$1.50 and a valuable premium book in the bargain.

Here is a Chance.

SOMETHING WRONG.

The Grand Jury ordered to Investigate Hartford College. The Result.

For some time our citizens have had a vague suspicion regarding the manner in which the College at this place has been conducted, and although it was but a suspicion, subsequent developments have proved that it was well grounded. A hint of the matter reaching the ears of Prof. Alexander, President of the institution, he at once demanded an investigation, and addressed the following note to the Grand Jury which was then in session.

HARTFORD COLLEGE, May 25th, 1882.
To the Grand Jury, Ohio Circuit Court, GENTLEMEN:—You honorable body are respectfully invited to visit Hartford College this afternoon at 1 o'clock, or at such other time as will be convenient to yourselves, for the purpose of witnessing the class exercises in the different departments. Hoping this will meet your hearty approval,

I am very truly,
W. ALEXANDER, President.

The Grand Jury then went to the College in a body, and after a thorough investigation returned the following indictment:

We, the undersigned members of the Ohio county Grand Jury, pursuant to a kind invitation of the Principal, made a visit to Hartford College on Thursday, May 25th, and desire to put on record our high appreciation of the manner in which that institution is conducted, and the pleasure we derived from our visit.

The course of instruction is both thorough and comprehensive, added to which is every necessary facility to individual comfort during school hours, but most of all to be admired, is the pleasant and agreeable manner which characterizes the intercourse of teachers and pupils in every department of the institution.

We beg to return to Prof. Alexander and to his entire corps of accomplished teachers and to the many bright faced pupils, our hearty thanks for their kind reception of us, and we cheerfully commend the College as a home institution in every way worthy of the confidence and patronage of Ohio and adjoining counties.

Respectfully, Henry Whitely, Foreman; G. H. Lamborn, Thomas Phillips; George W. Smith; Stephen Woodward; Jesse N. Hudson; E. G. Bender; John Barnes; John I. Folks; B. F. Bender; A. R. Brown; J. B. Hinchel; W. H. Hudson; S. C. Rhoades; B. E. Richardson; Jas. F. Carson.

The suspicion that we referred to is one that has been held by every one who has an opportunity of knowing anything about the management of the College, and is this; that it is conducted in the most excellent manner and is altogether an institution to be proud of.

Our Drawing.

An impression seems to exist that our drawing will not take place until we have secured two thousand five hundred subscribers, but such is not the case. It will occur as soon as we can possibly get ready for it. If we do not get another name. We should like to have the \$200 and hope to get them, but the drawing will come off all the same without them, and that at an early date.

Fine Stock.

Last week Hon. Jesse S. Williams, of Ohio county, Esq., paid Messrs. Waddy & Bullard, of this county, a visit, and selected from their nice little herd of Short-horns two beautiful red bull calves, a red yearling heifer and the roan cow "Madam Bell." He selected from their celebrated flock of Cotswolds three yearling rams, which for size, beauty of form and fleece, cannot be excelled in the State. The lot reflected much credit upon Messrs. Waddy & Bullard as breeders, and will undoubtedly prove a source of great benefit to the people of Ohio county. Mr. Williams added to those purchases two eighteen months old bulls from Mr. J. V. Goodman, and eight yearling South-down rams from Mr. F. A. Byars. —Selling Southdown.

We are glad to hear of any improvement in stock by the farmers of Ohio county, and we feel especially disposed to compliment Mr. Williams on his enterprise in making such a purchase of blooded animals. It has long been a source of wonder to us why the farmers of this county do not raise better and finer stock as it costs no more, in fact less to raise a good animal than to raise a poor one and the profit is so much greater.

We wish soon to see fine stock on every farm in the county, but most of our farmer seem to be content with old ways and scrub stock and do not care to have better. We regret to say this but it is a fact and as long as it is the case with the citizens, Ohio county cannot and will not keep up with her sisters.

Estrayed.

From my residence near Haynesville, Ky., about March 1st, 9 head of hogs, 1 sow and 8 shoats, all black and red spotted. All unmarked save 2 which are marked swallow fork in right and under-bit in left. Any information of the above will be amply rewarded.

Idiot's Allowance.

The last Legislature passed an act requiring the Circuit Judge at the first term of his court in each county, to cause all idiots receiving an allowance from the State, to be produced in person before the court, unless it is clearly proven that to do so would greatly endanger the health of the idiot, and he shall cause an examination to be made into the mental and pecuniary condition of all such persons, and he shall refuse an order for an allowance to any one who is not shown to be unable, from natural want of mental capacity to take care of themselves, and who have no means out of which their support may be provided for.
